

## **NEW MEMBER RANGE ORIENTATION PROGRAM**

**TO: ALL NEW MEMBERS**

Due to a recent change in procedure effective October 1, 2008 , all new members will be required to attend a Range Orientation Class to become familiar with the pertinent details of range operation and safety issues . After being voted in at a regular membership meeting when you will receive your club ID badge, you must then attend the range tour (about 45 minutes in length), after which you will be mailed your key card for access to the club. This tour will be on the Sunday (11:00 AM) following the usual Thursday membership meeting unless preempted by a holiday, in which case alternate dates will be provided on our website and/or newsletter. Please be sure to read and bring the Range Rules Regulations material you received with you to the scheduled meeting.

Be advised that this is mandatory to obtain your key card, which allows you full access to the club, all ranges at all times. We know you will find this tour interesting, informative, and will answer any questions you might have to add to your enjoyment as a member of the club. Please bring ear protection if you have any or the club will supply same.

If you have a problem or question in this regard please contact:

**Brian Madden, Training Director.....btmadden@comcast.net**

**Ken Hartman, Security Director.....kbhartman@verizon.net**

NOTE: Any current members are also welcome to attend if interested.
